

## Energy Star Compliance

As part of Epson's commitment to the environment we continuously work on improving the environmental performance of our products. In recent years the focus of our environmental program has, amongst others, been focused on energy reduction, chemicals management and the recyclability of our products.

By this statement Seiko Europe Corporation declares that the models in the Annex document are compliant with the Version 3.0 of the Energy Star requirements:

For more information about Epson's environmental program in Europe please refer to our environmental website: <https://www.epson.eu/about/environment>
